Hi team,

We have decided to cancel this week's meeting. We would like everyone to start thinking of a timeline for our projects with some good benchmarks to measure our progress along the way. We will also need to start brainstorming some ways we can work to assist the CUPP program and expand our networks in other regions. During our next call, we will need to start discussing our talking points for the upcoming Community Solutions call in May.

Let's all think about in what type of format we would like to compile the webinar resources, how we can start networking with other regions, and where we can provide a value-add to other agency initiatives. This is an exciting time for our committee to expand our scope and promote EJ among regional federal collaborations! Let's take some time to think about next steps and all meet again in a couple weeks.

Best,

Marsha and Joey
